

MID-COAST TROLLEY

# MID-COAST TROLLEY CONSTRUCTION UPDATE

SUMMER 2017

## Temporary Realignment of Rose Canyon Bike Path

A temporary bikeway will reroute bicyclists from the existing Rose Canyon Bike Path west along the eastern shoulder of the northbound I-5 off-ramp. This protected, temporary two-lane bikeway will be constructed on the outside shoulder of the northbound I-5 off-ramp. This will allow crews to relocate existing utilities in the area and build support infrastructure for the Mid-Coast Trolley project.

## Interim Bike Path

- People riding bicycles will be directed to use the new interim bike path beginning July 25, 2017 through approximately November 2018.
- The interim bike path will connect the Gilman Drive area just north of State Route 52 with the Rose Canyon Bikeway under SR-52.

## Interim Bike Path Schedule

The Interim path will be used during construction from approximately **July 2017 – November 2018.**
