### Genesee Avenue Street Closure

Beginning Friday, July 8, 2016, and lasting through Monday, July 18, 2016, Genesee Avenue from Nobel Drive to La Jolla Village Drive will be closed during nights and weekends. This will allow Westfield UTC and the Mid-Coast Trolley Project to combine work efforts scheduled on Genesee Avenue. The Mid-Coast Trolley Project work will be focused on underground utility construction and will condense multiple months of work into 11 days, mitigating traffic and street impacts to residents and businesses in the area.

### Work Hours

The closure will be in effect during weekday nights and 24 hours a day on weekends. Closure and work hours are scheduled from:

- 10:45 p.m. on Friday, July 8, continuously through 5 a.m. on Monday, July 11
- 10:45 p.m. through 5 a.m., on weekdays, Monday, July 11, through Thursday, July 14
- 10:45 p.m. on Friday, July 15, continuously through 5 a.m. on Monday, July 18

### Major construction activities include:

- Potholing, trenching, and street excavations.
- Water and sewer pipeline and storm drain installation along Genesee Avenue.
- Crews will minimize impacts to neighboring residents and businesses as much as possible.

### Access to the Costa Verde retail and residential areas will be maintained at all times.

**Costa Verde customers may enter the shopping center via Nobel Drive. Pedestrian, cyclist, and motorist detours will be available via Regents Road and Costa Verde Boulevard. Traffic flaggers will be on-site to direct traffic.**

### About the Project

The Mid-Coast Trolley project will extend Trolley service from Santa Fe Depot in Downtown San Diego to the University City community, serving major activity centers such as Old Town, the University of California, San Diego (UCSD), and Westfield UTC. Nine new stations will be constructed. Major construction work will begin in 2016, with service anticipated to begin in 2021.
