

CONSTRUCTION ADVISORY: Trolley Station Closures & Detours

Seaport Village Trolley Station

July – September 2012

The Seaport Village Trolley Station is **TEMPORARILY CLOSED FOR RENOVATION** through September. Please use the nearby Convention Center or America Plaza Trolley Stations during this closure.

STATION/RIDER/BUSINESS INFORMATION:

- The construction work will begin Monday, July 9 and continue through late September.
- Construction work for this project will include: new station boarding platforms, next-arrival electronic signs, shelters, track, switches, overhead electric wiring and more.
- The work will make trolley boarding safer and raise the platform to accommodate the new low-floor trolleys.
- Local businesses and pedestrian walkways outside of the station will remain accessible.
- Most work will occur between 7 a.m. and 6 p.m., Monday through Saturday.
- Limited night work may occur.
- The schedule may change with very little notice.
- Noise and dust is anticipated during construction.

THE TROLLEY RENEWAL PROJECT:

This work is part of a \$720 million project to renew the entire MTS Trolley network. Once complete, new low-floor Trolleys will operate throughout the system. Beginning in September, the Green Line will be extended through Old Town to downtown and terminate at 12th & Imperial via bayside stations (Seaport Village, Convention Center and Petco Park). This will provide one-seat service from Santee through Mission Valley to Petco Park, including service to the County Center/Little Italy Station. All stations will be equipped with next-arrival signs, new shelters and seating. The end result will be easier access, quicker trips, a more comfortable ride and an enhanced transit experience.
