Responses to Comments on the
Draft Initial Study/Mitigated Negative Declaration

The Draft Initial Study/Mitigated Negative Declaration (IS/MND) for the San Diego River Trail - Carlton Oaks Golf Course Segment Project was distributed for public review on March 15, 2017, initiating a 30-day public review period ending on April 14, 2017. The document was made available online, at public libraries in the project area, and at SANDAG’s office. A total of eight letters and emails were received before the close of the public comment period. Pursuant to California Environmental Quality Act (CEQA) Guidelines §15088(a), “the lead agency shall evaluate comments on environmental issues received from persons who reviewed the Draft EIR and shall prepare a written response.” All comment letters received on the Draft IS/MND were evaluated for environmental issues, and written responses to comments on environmental issues were prepared.

Table 1 provides a list of the comment letters received, including details on the agency, organization, or individual that submitted the letter and the date of the letter. This appendix presents written responses to comments on environmental issues raised in these letters. The written responses describe the disposition of significant environmental issues raised, as required by CEQA Guidelines §15088(c).
