

I-805 Overnight Closures This Week

Construction crews will close all southbound lanes on Interstate 805 (I-805) from Interstate 5 (I-5)/I-805 merge to La Jolla Village Drive Tuesday and Wednesday nights, September 1 and 2, from 9:30 until 5 in the morning.

Additionally, all northbound I-805 lanes will be closed from La Jolla Village Drive to Mira Mesa Boulevard on Thursday night, September 3, for the same hours.

The closures are necessary for bridge demolition and concrete pour for the widening of the I-805 bridges over Carroll Canyon.

Please refer to the maps to the right for detour information. Directional signage will be placed to assist motorists through the designated detour routes.

Stage 1 of the I-805 North Express Lanes Project is constructing one carpool lane in each direction in the median of I-805 from just north of SR 52 to just north of Mira Mesa Boulevard. The project also includes construction of a Direct Access Ramp to and from southbound I-805 at Carroll Canyon Road. Additional improvements include bridge widening and ramp modifications.

Improvements to I-805 will help accommodate the projected population and employment growth in the region by connecting employment and activity centers including offices, shopping, recreational facilities, communities, and schools.

The construction cost for Stage 1 is about \$86 million and is funded with state, federal and local sources, including Proposition 1B State – Local Partnership Program and **TransNet** Extension funds.
