FOR IMMEDIATE RELEASE

REVISED: Night Closures on I-8 to I-5 Connector Sunday and Monday

SAN DIEGO – Caltrans advises motorists that the connector ramp from westbound Interstate 8 (I-8) to northbound Interstate 5 (I-5) as well as two lanes of northbound I-5 between I-8 and Sea World Drive will close Sunday and Monday from 9 p.m. to 5 a.m. each night for ongoing construction.

Traffic on westbound I-8 will be detoured to southbound I-5 to the Old Town Avenue off-ramp and then back on to the Old Town Avenue northbound I-5 on-ramp. Motorists are advised to allow for extra travel time due to high traffic volumes in this area even in the evening hours.

Crews are replacing bridge rail and paving as part of the I-5/I-8 Connector Project that will construct a lane on westbound I-8 at the connector ramp to northbound I-5, and add a northbound lane and auxiliary lane on I-5 from the interchange north to Sea World Drive. The project is scheduled to be completed in the summer of 2016.

More information about the project is available at www.dot.ca.gov/dist11/facts and at <http://www.keepsandiegomoving.com/Connectors/connectorsintroduction.aspx>.

Motorists are reminded to slow down and safely move over a lane when Caltrans or other emergency vehicles are displaying flashing amber lights. It's the law!
