

# CONSTRUCTION ADVISORY

## Trolley Station Construction & Detours

### Downtown San Diego: 12th & Imperial Trolley Track Work

**April - August 2014**

Renovation work on trolley track and pedestrian crossings located north of the 12th & Imperial Trolley Station is currently in progress and expected to be completed in August 2014. All work will take place within the trackway between K Street and Imperial Avenue.

Noise and dust is anticipated during construction. Lane closures will be in effect while this work is in progress. Crews will minimize impacts to neighboring residents and businesses as much as possible. We appreciate your patience as we work to improve the trolley system.

**Work hours are 7 a.m. to 7 p.m., Monday through Friday. Frequent night and weekend work is anticipated. Night work hours are 7 p.m. to 4 a.m.**

Please use **extra caution** when traveling near the construction site.

### The Trolley Renewal Project

The Trolley Renewal Project is a joint project of the San Diego Association of Governments (SANDAG) and the San Diego Metropolitan Transit System (MTS). Once complete, new low-floor Trolleys will operate throughout the system. All stations will be equipped with next-arrival signs, new shelters, and seating. The end result will be easier access, quicker trips, a more comfortable ride, and an enhanced transit experience. This work is part of a \$660 million project to renew the entire MTS Trolley network. Funding for the project was provided by *TransNet*, the regional half-cent sales tax for transportation administered by SANDAG; California Proposition 1A and 1B; and the American Recovery and Reinvestment Act of 2009.
