

CONSTRUCTION ADVISORY

Trolley Station Construction & Detours

Construction at America Plaza Trolley Station

October 2014

Platform renovation work at the America Plaza Station will take place during two weekends in October to accommodate new low-floor Trolley cars. This work is scheduled to occur from 9 p.m. on Friday, Oct. 10, to 5 a.m. on Monday, Oct. 13, and from 9 p.m. on Friday, Oct. 17, to 5 a.m. on Monday, Oct. 20. The station will remain open during construction.

Noise and dust is anticipated during construction. Crews will minimize impacts to neighboring residents and businesses as much as possible. We appreciate your patience as we work to improve the trolley system.

Please use **extra caution** during construction and follow the direction of the on-site flagging staff when traveling near the work area.

The Trolley Renewal Project

The Trolley Renewal Project is a joint project of the San Diego Association of Governments (SANDAG) and the San Diego Metropolitan Transit System (MTS). Once complete, new low-floor Trolleys will operate throughout the system. All stations will be equipped with next-arrival signs, new shelters, and seating. The end result will be easier access, quicker trips, a more comfortable ride, and an enhanced transit experience. This work is part of a \$660 million project to renew the entire MTS Trolley network. Funding for the project was provided by *TransNet*, the regional half-cent sales tax for transportation administered by SANDAG; California Proposition 1A and 1B; and the American Recovery and Reinvestment Act of 2009.
