

SR 76 East Project Construction Advisory #24

Nighttime Closure of Northbound I-15 at SR 76

Please be advised that the northbound I-15 at SR 76 will be closed Wednesday, August 14 from 10 p.m. to 4 a.m. I-15 motorists will exit at the SR 76 off-ramps, cross over SR 76 and re-enter I-15.

This closure will allow crews to join the existing SR 76 bridge segment to the new bridge with a smooth, continuous deck surface and install traffic sensors on I-15.

The loop on-ramps from SR 76 to I-15 will be open with flaggers directing traffic.

In addition, on Thursday, August 15, lanes on northbound and southbound I-15 will be closed intermittently as crews install electronic message signs as part of the I-15/SR 76 Interchange improvement project.

We appreciate your continued patience as we complete these improvements. This work is part of the final segment in a series of three improvement projects on the SR 76 corridor, located between I-5 and I-15. Stretching 5.2 miles from South Mission Road to I-15, the SR 76 East Segment serves local and regional traffic.

How to Stay Informed

Save yourself time and be prepared. Call or visit us online to learn about your travel options and plan your commute during construction.
