North Oceanside Double Track Project

INFORMATIONAL PUBLIC MEETING

Please join the San Diego Association of Governments (SANDAG) and North County Transit District (NCTD) at an informational public meeting to learn more about a future rail improvement project in Oceanside. The project team members will provide information about the project and answer your questions at the meeting.

The North Oceanside Double Track Project will increase transit and freight capacity by replacing the aging single-track rail bridge over the San Luis Rey River with a modern double-track bridge and constructing a one-mile stretch of second main track to join two existing double-track segments together.

The North Oceanside Double Track Project is funded through preliminary engineering and environmental phases and expected to be constructed by 2025. The project is part of the North Coast Corridor Program, a comprehensive package of highway, rail and transit, and coastal access improvements, which spans 27-miles and includes six coastal cities of Oceanside, Carlsbad, Encinitas, Solana Beach, Del Mar, and San Diego.

Wednesday, October 9, 2013

6:00 p.m. – 8:00 p.m.

Oceanside High School

1 Pirates Cove Way, Oceanside, CA 92054

Please visit KeepSanDiegoMoving.com/NODT or call (858) 549-RAIL for more information about the project.
