

MID-COAST TROLLEY

MID-COAST TROLLEY CONSTRUCTION UPDATE

AUGUST 2020

FULL CLOSURES OF NORTHBOUND GENESEE AVENUE FOR BUS PAD CONSTRUCTION

Beginning Sunday, August 23, a series of full closures of the northbound lanes on Genesee Avenue will be in place between La Jolla Village Drive and Executive Drive. During the closures, crews will install bus pads for new Metropolitan Transit System bus stops that will be located adjacent to the future Executive Drive Trolley Station. Bus pads are durable surface areas, typically made of concrete, used to protect asphalt roadways at bus stops.

Traffic controls and detour routes will be posted. Motorists should take alternate routes to avoid potential congestion. Please heed all traffic signs and use caution when traveling near the work area.

What to Expect:

Beginning Sunday, August 23 through Monday, August 24 and continuing Sunday, August 30 through Monday, August 31:

- Full closure of northbound Genesee Avenue between La Jolla Village Drive and Executive Drive
- Work and closure hours will be from 6 p.m. on Sunday through 2 p.m. on Monday
- As work progresses, one northbound lane on Genesee Avenue will reopen to vehicles

Construction schedules are subject to change.

Update on Construction During COVID-19 Pandemic

The government has deemed public works construction activities to be essential, so SANDAG is working to keep active construction projects moving while prioritizing the health and safety of its partners, contractors, and communities. For additional information, please visit sandag.org/COVID-19.

About the Project

The Mid-Coast Trolley project will extend UC San Diego Blue Line Trolley service from the Santa Fe Depot in Downtown San Diego to the University community, serving major activity centers such as Mission Bay, the VA Medical Center, UC San Diego, and University Towne Centre. Nine new stations will be constructed. Major construction work began in 2016, with service anticipated to begin in late 2021.
