

MID-COAST TROLLEY

MID-COAST TROLLEY CONSTRUCTION UPDATE

SPRING 2019

FRIARS ROAD CLOSURE

Starting Sunday, June 9, and continuing through Thursday, June 13, a full closure of both eastbound and westbound Friars Road will be in place from Sea World Drive to Napa Street, from 7 p.m. to 5 a.m. each night. This closure is necessary to accommodate the installation of falsework, the temporary structures used to support the San Diego River Bridge, as well as the restriping of Friars Road. Motorists will be detoured via Napa Street, Morena Boulevard, Tecolote Road, and Sea World Drive. Traffic controls and detour routes will be posted. Please use caution when traveling near construction areas.

Construction schedules are subject to change with very little notice.

About the Project

The Mid-Coast Trolley project will extend Trolley service from Old Town Transit Center to the University community, serving major activity centers such as Mission Bay, the VA Medical Center, UC San Diego, and University Towne Centre. Nine new stations will be constructed. Major construction work began in 2016, with service anticipated to begin in late 2021.
