

MID-COAST TROLLEY

MID-COAST TROLLEY CONSTRUCTION UPDATE

FEBRUARY 2021

CONSTRUCTION ACTIVITIES FOR SURFACE PARKING AREA AT LA JOLLA VILLAGE SQUARE

On Tuesday, March 2, crews will begin efforts to reconfigure the La Jolla Village Square surface parking area. This will be the first of four phases in the reconfiguration process. Construction activities will include asphalt demolition, new asphalt and concrete placement, lighting installations, striping, and landscaping.

The surface parking area reconfigurations will improve access to the Nobel Drive Trolley Station parking structure as well as overall traffic flow. Work is expected to be completed by fall 2021.

In anticipation of this work, the Nobel Drive Trolley Station parking structure will open on Sunday morning, February 28. While the surface parking area reconfigurations are underway, the parking structure will be available for use and patrons can enter from the west side of the structure.

What to Expect

- Typical work hours will be Mondays through Fridays, from 7 a.m. to 5 p.m.; additionally, some night and weekend work may be required
- Construction activities will take place inside of the fenced work area
- Work will be phased and completed in fenced-off sections of the parking area; notice will be provided before each phase begins
- Access to businesses, the mall entrance, the underground parking garage, and the Nobel Drive Trolley Station parking structure will be maintained at all times

Construction schedules are subject to change due to weather, equipment, and other issues. Check [KeepSanDiegoMoving.com/MidCoastNotices](https://www.KeepSanDiegoMoving.com/MidCoastNotices) for regular schedule updates.

Update on Construction During COVID-19 Pandemic

The government has deemed public works construction activities to be essential, so SANDAG is working to keep active construction projects moving while prioritizing the health and safety of its partners, contractors, and communities. For additional information, please visit sandag.org/COVID-19.

About the Mid-Coast Trolley Project

The Mid-Coast Trolley project will extend UC San Diego Blue Line Trolley service from the Santa Fe Depot in Downtown San Diego to the University community, serving major activity centers such as Mission Bay, the VA Medical Center, UC San Diego, and University Towne Centre. Nine new stations will be constructed. Major construction work began in 2016, with service anticipated to begin in late 2021.
