

ONGOING LANE CLOSURES ON PACIFIC HIGHWAY FOR TRANSIT IMPROVEMENTS

Beginning Tuesday, May 31, and continuing for approximately two months, crews will build a median barrier wall on Pacific Highway near the Old Town Transit Center.

A single lane closure will be in place in both directions on Pacific Highway for 24 hours a day as crews perform this work. Through traffic access will be maintained.

This work is part of ongoing improvements for the Old Town Transit Center. Improvements to the transit center and adjacent roadways will help accommodate increased transit activity following the recent completion of the Mid-Coast Extension of the UC San Diego Blue Line.

What to Expect

- Single lane closures will be in place 24 hours a day
- Typical work hours will be during the weekdays, from 7 a.m. to 5 p.m. each day
- The activities may generate noise; crews will minimize impacts as much as possible

Construction schedules are subject to change.

Update on Construction During COVID-19 Pandemic

The government has deemed public works construction activities to be essential, so SANDAG is working to keep active construction projects moving while prioritizing the health and safety of its partners, contractors, and communities. For additional information, please visit sandag.org/COVID-19.

About the Project

The Mid-Coast Extension of the UC San Diego Blue Line Trolley increases the regional Trolley system by 11 miles—from Downtown San Diego to the University Community—and serves major activity centers such as Mission Bay, the VA Medical Center, UC San Diego, and Westfield UTC. Major construction began in fall 2016 and included nine new Trolley stations. The Mid-Coast Trolley Extension went into service on November 21, 2021.
