

» I-5/Genesee Avenue Interchange Project

OCT
2016

Construction Advisory

Overnight Closure of Genesee Avenue Closure

From 9 p.m. on Thursday, October 6, to 5 a.m. on Friday, October 7, eastbound and westbound Genesee Avenue will be closed from just east of the Interstate 5 (I-5)/Genesee Avenue Bridge to approximately the Scripps Memorial Hospital main entrance. Additionally the northbound on-ramp from Genesee and northbound off-ramp to Genesee will be closed. These closures are required for crews to safely remove and replace a light pole in this section of Genesee Avenue. Hospital access for emergency vehicles will be maintained. Motorists will be detoured around the closure.

Additionally, during this timeframe there will be reduced lanes on northbound and southbound I-5 so crews can replace crash cushions in the median.

Please note construction schedules are subject to change. We appreciate your patience as we work to improve the interchange.

Detour

Please see the map for detour details.

About the Project

The \$105 million project will replace the existing six-lane Genesee Avenue overpass with a ten-lane structure that will include additional vehicle lanes, new bike lanes and sidewalks, and better accommodate current and future traffic demands in the San Diego region. Check out the [project webcam](#). The I-5/Genesee Avenue Interchange Project is expected to be completed in 2017.

Be Work Zone Alert!

San Diego County Road Repair, Transit, Traffic Relief, Safety and Water Quality Measure

In November, voters countywide will be asked whether they support a ballot measure to invest in highway, transit, bike and pedestrian, open space, and local infrastructure projects. Measure A will provide a dedicated source of local revenue.

Visit sandag.org/priorities to learn what projects are included, and view an [interactive map](#) to learn where highway and transit projects could be completed near you.

This message is offered by SANDAG as a public information service.
