

## Join us for an I-5 Construction Open House!

This fall construction teams will begin work to extend one Carpool/High Occupancy Vehicle (HOV) Lane in each direction of Interstate 5 (I-5) between Palomar Airport Road in Carlsbad and State Route 78 (SR 78) in south Oceanside. This project is expected to be complete by 2023.

The Caltrans and SANDAG Build NCC team invites you to attend a virtual open house to learn about the:

- Planned highway improvements
- What to expect during construction
- Alternate transportation options and commuting resources during construction

Attendees also will have the opportunity to learn more about the Build NCC project overall, including the double tracking of coastal rail lines, creating new bike/pedestrian connections, and restoration of vital coastal habitats.
