PUBLIC NOTICE OF A PUBLIC HEARING AND AVAILABILITY OF TRAFFIC AND SAFETY IMPACT ASSESSMENT FOR THE PERSHING BIKEWAY PROJECT

This public notice officially notifies the general public, public agencies, and interested individuals and organizations that the San Diego Association of Governments (SANDAG), as the lead agency under the California Environmental Quality Act (CEQA), will hold a public hearing to hear comments about the Pershing Bikeway Project (proposed project). This also serves as an official notice that SANDAG has posted the proposed project's Traffic and Safety Impact Assessment at KeepSanDiegoMoving.com/PershingBikeway. The hearing will include the conclusions of this assessment.

Holding a public hearing and preparing the Traffic and Safety Impact Assessment are required before SANDAG can determine whether the proposed project is exempt from CEQA pursuant to Public Resources Code Section 21080.20.5. The public hearing will be held on December 7, 2016, from 6:15 - 7:30 p.m. at Mingei International Museum in Balboa Park, located at 1439 El Prado, San Diego, CA 92101. The public hearing will be preceded by an open house from 5:30 - 6:15 p.m., where project features and updates will be showcased. The SANDAG Transportation Committee is anticipated to consider whether the proposed project is exempt from CEQA at its January 20, 2017 meeting. Comments collected at the public hearing and open house and responses to those comments will be provided to the Transportation Committee for consideration before the January 20, 2017 meeting.

The proposed project would provide a bikeway and walking path on existing urban roadways in Balboa Park, North Park, Golden Hill, and Downtown in the City of San Diego, mostly along Pershing Drive. The proposed project would improve connections among these communities and other points beyond. The purpose of the proposed project is to make it more convenient, attractive, and safe for people to ride bikes. The proposed project also would benefit people who walk and drive by making roadways safer for all users.

The proposed project is part of the SANDAG Regional Bike Plan Early Action Program (EAP), a 10-year effort to expand the regional bike network and complete high-priority bikeway projects approved in Riding to 2050: The San Diego Regional Bike Plan (Bike Plan). The Bike Plan and EAP are part of the region's efforts to make riding a bike a viable, attractive choice for everyday trips.
