

SR 76 East Segment Project Construction Advisory #30

Traffic Switch Anticipated to be Complete by Noon Today

Crews are working to complete the traffic switch between South Mission Road and Flowerwood Lane by noon today, November 6. Crews are currently working to open access from SR 76 to South Mission Road, Sweetgrass Lane, Ramona Drive, and Calle Del Vuelta. Caltrans will maintain one westbound and one eastbound lane after completing the traffic switch.

The intersection at SR 76 and Via Monserate will remain closed for approximately two weeks, November 5 – 23, as crews work on the intersection. During this time, please use the Ramona Drive detour shown on the map.

This traffic switch will allow crews to construct and pave the north side of the highway. Motorists are urged to slow down and use caution as they become accustomed to the roadway. Thank you for your patience while we complete this traffic switch.
