

The list below shows planned construction activities for the South Bay *Rapid* project. Travelers are encouraged to allow extra time to reach their destination or consider using alternate routes. Please note, construction schedules are subject to change.

### Construction activities for the week of August 14

#### **Heritage Road to Olympic Parkway – City of Chula Vista**

- Periodic noise, dust, lane closures, and reduced on-street parking in both directions along East Palomar Street between Vista Sonrisa Avenue and Heritage Road for construction of the dedicated transit guideway

#### **Olympic Parkway to State Route 125 (SR 125) – City of Chula Vista**

- Periodic lane closures along East Palomar Street between View Park Way and Olympic Parkway as crews install new utilities for this section of the dedicated transit guideway
- Periodic lane closures along northbound and southbound SR 125 between Olympic Parkway and Birch Road for construction of the guideway bridge
- Periodic noise and dust along Impressionist Drive for bridge deck construction

#### **Town Center Drive to Birch Road – City of Chula Vista**

- Periodic noise and dust along Eastlake Parkway between North Driveway and Birch Road near the Otay Ranch Town Center as crews construct the dedicated transit guideway
- Overnight work and lane closures along the Otay Ranch Town Center entry/exit point at Kestrel Falls Road between 10 p.m. and 6 a.m. from Sunday, August 13, through Wednesday, August 16, as crews perform utility improvements
  - Nearby residents can expect intermittent noise and lights during work hours

#### **Nicola Tesla Court – City of San Diego**

- Periodic noise, dust, and reduced on-street parking at Nicola Tesla Court near the Otay Mesa Port of Entry as crews conduct grading activities for construction of a new pedestrian sidewalk and install a retaining wall along the Siempre Viva Road on-ramp at State Route 905
  - No on-street parking on south side of Nicola Tesla Court
