## South Bay Rapid is Under Construction

### Medical Center Drive and East Palomar Street Traffic Signal Work Planned

South Bay *Rapid* construction crews will be conducting traffic signal work at the East Palomar Street and Medical Center Drive/Brandywine Avenue intersection on Tuesday, November 19, between the hours of 8:30 a.m. and 2:30 p.m. **Motorists are advised that during this time the intersection will operate as a four-way stop and the signal will operate with a red flash sequence.**

Travelers, businesses, and nearby residents can expect intermittent noise (including OSHA-required back up alarms) and lights throughout the day, as crews complete this work.

All reasonable steps will be taken to minimize impacts to nearby residents, businesses, and travelers. We appreciate your patience during construction. Please note, construction schedules are subject to change.

Construction on the South Bay *Rapid* dedicated guideway is anticipated to be complete by the end of 2019. Landscaping and irrigation activities will continue into February 2020.
