

	Criteria	Objective	Northern Alignment	Southern Alignment
Biological	1	Permanent Impacts to Vegetation (Trail ROW)		
	2	Temporary Impacts to Vegetation (20-ft Construction Buffer)		
	3	Within MHPA		
	4	Infringement upon Wetland Buffers		
Hydrological	5	Potential Flood Risk		
	6	Risk of Flood-related Erosion		
Cost	7	Fencing Needed		
	8	Utilizing existing paths		
User Experience	9	Encroachment on Existing Land Use		
	10	User Safety Conflicts		
	11	Disturbance to Golf Course Operations		

CHART KEY

Opportunity: % of project with positive attributes

Challenge: % of project with negative attributes
