Please join us for the fourth Community Advisory Group meeting and second open house for the North Park–Mid-City Regional Bike Corridors project.

The project team will present the three bikeway corridors that appear to best meet the project objectives—and present the most opportunity to create an excellent community

asset—based on preliminary study and extensive community involvement. The presentation will be followed by an interactive open house focused on design options for important intersections and segments of the project corridors.

Please plan on attending to share your vision for these three bikeways that will help

improve safety for everyone and contribute to the look, feel, and vitality of North Park and Mid-City neighborhoods!
