The Trolley Renewal Project

This work is part of a \$720 million project to renew the entire MTS Trolley network. Once complete, new low-floor Trolleys will operate throughout the system. Beginning in September, the Green Line will be extended through Old Town to downtown and terminate at 12th & Imperial via bayside stations (Seaport Village, Convention Center and Gaslamp Quarter). Also beginning in September, the Orange Line will travel from El Cajon to Santa Fe Depot and the Blue Line will travel from San Ysidro to America Plaza. All stations will be equipped with next-arrival signs, new shelters and seating. The end result will be easier access, quicker trips, a more comfortable ride, and an enhanced transit experience.

Please use **extra caution** during construction and follow the direction of the on-site flagging staff when crossing the tracks.
