

CONSTRUCTION ADVISORY

Trolley Station Closures & Detours

5th/6th Avenue Improvements

Schedule

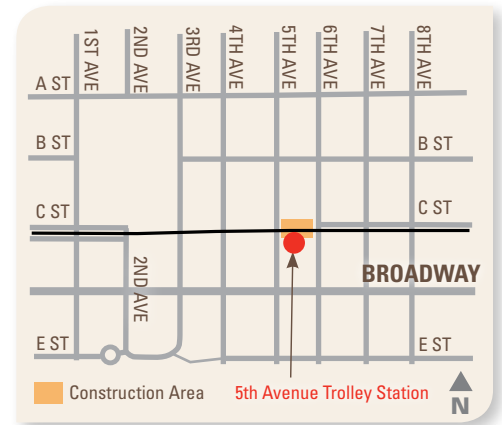

- Late August through October 2012

Benefits

- Street and Curb upgrades as part of the Trolley Renewal Project will make it easier, safer and more convenient for all area commuters in the area.
- New Yellow/White Flex Curb Striping to allow for Commercial Loading and 3-minute Passenger boarding.*
- Extended sidewalks to allow for the new Low-floor Trolleys and for the convenience of pedestrians, bicyclists and businesses.
- Additional 15-Minute Parking on 6th Avenue.

Station/Rider/Business Information

- Late August through October 2012
- The work will include adjustments to sidewalks, curbs, parking spots and lane configurations on 5th and 6th Avenues adjacent to the 5th Avenue Trolley Station between Broadway and B Street.
- This work will take place adjacent to many local businesses from 7 a.m. - 4 p.m., Monday through Saturday. Noise and dust is anticipated during construction. Access for pedestrians and local businesses will be maintained at all times.
- Temporary lane closures on 5th and 6th Avenues are expected. Look for signs detailing and temporary detours.

The Trolley Renewal Project

The Trolley Renewal Program is a joint project with the San Diego Association of Governments and the San Diego Metropolitan Transit System. This work is part of a \$720 million project to renew the entire MTS Trolley network. Once complete, new low-floor Trolleys will operate throughout the system. Beginning in September, the Green Line will be extended through Old Town to downtown and terminate at 12th & Imperial via bayside stations (Seaport Village, Convention Center and Gaslamp Quarter). Also beginning in September, the Orange Line will travel from El Cajon to Santa Fe Depot and the Blue Line will travel from San Ysidro to America Plaza. All stations will be equipped with next-arrival signs, new shelters and seating. The end result will be easier access, quicker trips, a more comfortable ride, and an enhanced transit experience.

For more information

* Yellow curb also functions as white curb from 8 a.m.-6 p.m. by City Municipal Code.

5th/6th Avenue Improvements

As part of the Trolley Renewal construction on the Downtown Trolley Stations, street and curb improvements are planned for 5th & 6th Avenues beginning late August through October 2012. These improvements include curb popouts at Trolley crossings, adjustments to sidewalks, curb utilization (curb striping) and lane configurations on 5th & 6th Avenues. These improvements will result in much improved access for pedestrians and bicyclists and better configured roadways for drivers on 5th and 6th Avenues.

LEGEND

- sidewalk removal
- sidewalk addition
- existing sidewalk
- existing 15-minute parking
- existing no parking
- existing 20-minute commercial loading zone
- existing 3-minute loading/unloading zone
- existing disabled parking
- new vehicle lane configurations
- new bus only lane configuration
- existing trolley tracks

*Yellow curb also functions as white curb from 8 a.m.-6 p.m. by City Municipal Code.

MOTORCYCLE PARKING
Existing motorcycle parking will shift north on 6th Avenue. Two metered parking spaces at this location will be removed to accommodate the motorcycle parking.

YELLOW/WHITE FLEX CURB*
Yellow curb striping will remain as a commercial loading zone between 8 a.m.-6 p.m. From 6 p.m.-2 a.m., the yellow curbs will also function as white curbs, allowing 3-minute passenger loading/unloading.

COMMERCIAL LOADING ZONE
The yellow curb striping in this location will be converted to red curb striping, which is a no parking zone.

SIDEWALK ADDITION
A portion of the sidewalks on the western corners of 6th/C and eastern corners of 5th/C will be expanded to better accommodate the new low-floor trolley vehicles at this intersection.

SIDEWALK REMOVAL
A portion of the sidewalks on the eastern corners of 6th/C will be removed to better accommodate the new low-floor trolley vehicles at this intersection.

15-MINUTE PARKING EXTENSION
Existing 15-minute parking will extend north on 6th Avenue. Two metered parking spaces at this location will be removed to accommodate the additional 15-minute parking area.

**SIDEWALK ADDITION/
BUS ONLY LANE**
The expansion of the sidewalks at this location will add to the existing buffer between store fronts and the local bus stop. There will be a dedicated bus only lane (far east lane) from Broadway north to C Street.

YELLOW/WHITE FLEX CURB*
Yellow curb striping will be moved south to this location, creating a new 51' commercial loading zone. From 6 p.m.-2 a.m., the yellow curbs will also function as white curbs, allowing 3-minute passenger loading/unloading. One non-metered parking space at this location will be removed to accommodate the additional yellow curb.
